

## 2019 Compliance Attestation

### Introduction

Your Organization is receiving this “Annual Attestation and Disclosure Statement” because your Organization is contracted with Banner University Health Plans (BUHP) – (Banner University Family Care – ACC; Banner University Family Care- ALTCS; Banner University Care Advantage) as a First Tier, Downstream or Related Entity (FDR), (CMS) and/or an Administrative Service Subcontractor, or Provider (AHCCCS) for BUHP’s Medicare and/or Medicaid products.

As a BUHP Medicare and/or Medicaid contractor, the Organization is subject to federal and state laws related to the Medicare and Medicaid programs as well as CMS and state Medicaid program (AHCCCS) rules, regulations and sub-regulatory guidance. This includes ensuring the Organization’s employees and downstream contractors abide by said federal and state laws, regulations, and sub-regulatory guidance.

### ✓ Definitions

#### ✓ CMS definitions of subcontractors:

##### First Tier Entity

Any party that enters into a written arrangement, acceptable to CMS, with a Medicare Advantage Organization or Part D plan sponsor or applicant to provide administrative services or healthcare services to a Medicare eligible individual under the Medicare Advantage program or Part D program.

##### Downstream Entity

Any party that enters into a written arrangement, acceptable to CMS, with persons or entities involved with the Medicare Advantage benefit or Part D benefit, below the level of the arrangement, between:

- A Medicare Advantage Organization, or
- Applicant, or
- A Part D plan sponsor, or
- Applicant and a First Tier Entity.

These written arrangements continue down to the level of the ultimate provider of both health and administrative services.

##### Related Entity

Any entity that is related to a Medicare Advantage Organization or Part D sponsor by common ownership or control and:

- Performs some of the Medicare Advantage Organization or Part D plan Sponsor’s management functions under contract or delegation;
- Furnishes services to Medicare enrollees under an oral or written agreement; or

- Leases real property or sells materials to the Medicare Advantage Organization or Part D plan Sponsor at a cost of more than \$2,500 during a contract period.

✓ **AHCCCS defines subcontractors as:**

**Administrative Service Subcontracts/Subcontractors**

An agreement that BUHP delegates any of the requirements of the AHCCCS Contracts for either the Banner University Family Care - ACC or Banner University Family Care - ALTCS to including, but not limited to the following:

- Claims processing, including pharmacy claims
- Credentialing, including those for only primary source verification (i.e., Credential Verification Organization)
- Management Service Agreements
- Service Level Agreements with any Division or Subsidiary of a corporate parent owner

**Provider**

Any individual or entity that contracts with AHCCCS or BUHP for the provision of covered services to members according to the provisions A.R.S. §36-2901 or any subcontractor of a provider delivering services pursuant to A.R.S. §36-2901.

## **Section 1: Medicare and Medicaid Participation Compliance Program Requirements**

(For consistency throughout this document, BUHP will refer collectively to its subcontractors as FDRs)

### **General Compliance and Fraud Waste and Abuse Provisions**

#### **Medicare (CMS)**

CMS Compliance Program requirements are located in Chapters 9 and 21 of the Medicare Managed Care Manual. Medicare Managed Care Manual:

<https://www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/Internet-Only-Manuals-IOMs-Items/CMS019326.html>

Medicare program requirements apply to FDRs who have been delegated administrative or health care service functions relating to BUHPs Medicare contracts. A link to the guidelines is noted above; FDRs must review the guidelines and ensure appropriate protocols are in place to demonstrate compliance.

FDRs are also required to adhere to the BUCA Provider Manual located at: <https://www.banneruhp.com>

#### **Medicaid (AHCCCS)**

Compliance requirements for the Arizona State Medicaid Program, AHCCCS, are located in the AHCCCS Contractor Operations Manual (Policies 103, 104 and 438); the AHCCCS Medical Policy Manual (AMPM). AHCCCS Contractor Guides & Manuals:

<https://azahcccs.gov/PlansProviders/GuidesManualsPolicies/index.html>

Providers and Administrative Subcontractors are also required to adhere to the BUHP Provider Manuals located at: <https://www.banneruhp.com>

### **Policies and Procedures and Code of Conduct**

BUHP makes available to its FDRs the Banner Health Code of Conduct and Banner Health Insurance Division Companies Compliance Program and Fraud, Waste and Abuse Plan and all applicable Compliance Program policies and procedures via the secure provider portal and/or the BUHP website.

## Organization Requirements

### Your Organization is required to:

- Distribute the Banner Health Code of Conduct and applicable Compliance policies and procedures to all employees within 90 days of hire, when there are updates to the policies, and annually thereafter or;
- Your Organization is permitted to utilize your own Code of Conduct and applicable Compliance Program policies and procedures with the condition that they are comparable to those of BUHP; these documents are subject to review upon request.
- You should ensure that employees, as a condition of employment, read and agree to comply with all written compliance policies and procedures and Code of Conduct.
- Employee statements or certifications should be retained and be available to BUHP, AHCCCS, or CMS upon request.
- Records must be maintained for 10 years.
- The Code of Conduct states your Organization's over-arching principles and values by which your Organization operates and defines the underlying framework for the compliance policies and procedures. The Code of Conduct must provide the standards by which your employees will conduct themselves including the responsibility to perform duties in an ethical manner and in compliance with laws, regulations and policies.
- Your Organization's Code of Conduct should include provisions to ensure employees, managers, officers and directors responsible for the administration or delivery of the Medicare/Medicaid benefits are free from any conflict of interest in administering or delivering Medicare/Medicaid benefits. Conflicts of interest are created when an activity or relationship renders a person unable or potentially unable to provide impartial assistance or advice, impairs a person's objectivity, or provides a person with an unfair competitive or monetary advantage.

## General Compliance and Fraud, Waste and Abuse (FWA) Training

As an Organization that provides health, prescription drug or administrative services to Part C Medicare Advantage (MA) or Part D Prescription Drug Plan (PDP) enrollees on behalf of BUHP, the Organization is required to provide General Compliance and FWA training to its employees (including temporary employees and volunteers) and to the Organization's downstream entities within 90 days of contract with BUHP, within 90 days of new employee hire and annually thereafter.

BUHP has General Compliance and FWA training on our website. FDRs have an option to take our training or a comparable training. FDRs are required to complete this attestation and submit it to BUHP indicating that the employees involved in the administration of Medicare Part C and D benefits have satisfied the training requirement.

Documentation of internal training can be through an individual certificate or a list showing the information for all of those who completed it through the internal web-based training.

BUHP will track completion of training by FDRs through the completion and collection of annual attestations from all FDRs.

## False Claims Act

For all FDRs, or Administrative Service Subcontractors, contracted with BUHP for the Medicaid line of business, the Organization must have policies and procedures in place to establish training requirements for all staff and provide training on the following aspects of the False Claims Act:

- The administrative remedies for false claims and statements;
- Any state laws relating to civil or criminal penalties for false claims and statements; and
- The Whistleblower protections under such laws.

## Reporting Non-Compliance and Suspected Fraud, Waste and Abuse:

Your Organization is required to comply with all applicable laws, whether or not they are specifically addressed. Issues of non-compliance and potential FWA must be reported immediately to BUHP through the appropriate mechanisms and reported issues will be addressed and corrected. Your processes must be documented and include detailed and specific guidance regarding how to report potential compliance issues.

### Your Organization may contact BUHP to report Non-Compliance or FWA:

## BUHP Monitoring and Auditing of FDRs

BUHP monitors its FDRs through metrics and other oversight monitoring tools. As required by CMS, FDRs are required to

respond to identified compliance deficiencies promptly. Accordingly, upon the discovery of a compliance deficiency, either through your internal compliance activities or notification by BUHP, your Organization must promptly address, correct, and report to the deficiency to BUHP in accordance with CMS and AHCCCS rules, regulations and guidance.

CMS released the 2017 Audit Protocols and a 2019 update to the 2017 Audit Protocols which will be utilized to measure outcomes in a number of performance areas and to determine a Plan Sponsor's (BUHP) effective oversight of its FDRs. Upon selection by CMS for audit Plan Sponsors and any selected FDRs must be able to show data as requested by CMS (e.g. claims, coverage determinations, notices, etc.) and have a plan representative available to address questions as requested during review.

**Note: Per Medicare regulations and AHCCCS requirements, BUHP is required to annually audit all Administrative Service Subcontractors.**

## **Sub-Delegation**

Sub-delegation occurs when a BUHP delegated FDR gives another entity the authority to carry out a delegated responsibility that BUHP has delegated to that FDR; this would also be considered a "downstream entity" to both BUHP and your Organization.

For example, BUHP may delegate provider credentialing activities to a Provider Hospital Organization (PHO) and the entity then delegates' a portion of the credentialing process, such as primary source verification, to a Credentialing Verification Organization (CVO) instead of performing the primary source verification itself. In this case, the CVO is the sub-delegate.

In the event the Organization sub-delegates any currently delegated function, the Organization must obtain ninety (90) days advance written approval from BUHP and the contract between BUHP and the Organization will be amended to include the sub-delegation. Any updated agreements shall be filed with the appropriate governmental agency(ies). Any sub-delegation shall be subject to all requirements set forth herein as mandated by CMS.

**Note: Your Organization is expected to monitor their downstream entities for compliance with all CMS and Medicaid (AHCCCS) regulations that are applicable to your organization as well.**

## **Offshore Subcontractors**

The term "Offshore" refers to any country that is not one of the fifty United States or one of the United States Territories (American Samoa, Guam, Northern Marianas, Puerto Rico and Virgin Islands). Subcontractors that are considered Offshore can be either American-owned companies with certain portions of their operations performed outside of the United States or foreign-owned companies with their operations performed outside of the United States. Offshore subcontractors provide services that are performed by workers located in offshore countries, regardless of whether the workers are employees of American or foreign companies.

The Organization must ensure its employees, and downstream and related entities have read and understand all requirements pertaining to the regulations for services that are performed by workers located in Offshore countries, regardless of whether the workers are employees of American or foreign companies.

Consistent with CMS direction, this applies to entities the Organization may contract or sub-contract with to receive, process, transfer, handle, store, or access beneficiary protected health information (PHI) in oral, written, or electronic form. In the event the Organization sub-delegates any BUHP Medicare activities to an offshore subcontractor, the Organization will be required to adhere to the approval process outlined for sub-delegation activities. To ensure that BUHP is compliant with CMS regulations for Offshore subcontracting, BUHP's contract with Organizations based in the United States and its territories and includes contract language that the Organization will inform BUHP ninety (90) days in advance from the date Organization plans to outsource part or all of its responsibilities that includes providing Health Plan member PHI to an Offshore company. BUHP will evaluate the specific circumstances and review the audits conducted by the Organization to ensure proper security is in place. BUHP may be required to terminate its contract with the Organization.

For the State of Arizona's Medicaid Program, AHCCCS, any functions that are described in the specifications or scope of

work that directly serve the State of Arizona, its clients, or AHCCCS members, and involve access to secure or sensitive data or personal client data shall only be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this requirement does not apply to indirect or “overhead” services, redundant backup services or services that are incidental to the performance of the contract. This provision applies to work performed by the Organization and its subcontractors at all tiers.

## **Exclusion Screening Requirement**

As an FDR of BUHP, the Organization is prohibited against employing or contracting with persons or entities that have been excluded from doing business with the Federal Government (42 CFR § 1001.1901). Upon hiring or contracting and monthly thereafter, the Organization is required to verify their employees (including temporary and volunteer) or contractors are not excluded by comparing them against the Department of Health and Human Services (DHHS) Office of the Inspector General (OIG) List of Excluded Individuals and Entities (LEIE) and the System for Award Management (SAM).

Upon discovery of an excluded individual, the Organization must provide immediate disclosure to BUHP. No payment will be made by Medicare, Medicaid or any other Federal or State of Arizona health care programs for any item or service furnished on or after the effective date specified in the notice period, by an excluded individual or entity, or at the medical direction or on the prescription of a physician or other authorized individual who is excluded when the person furnishing such item or service knew or had reason to know of the exclusion. According to the BUHP Contracts with Arizona Medicaid, notification must be provided to BUHP if any individual or entity is determined excluded from any State Medicaid, not just Arizona.

To assist you with implementation of your OIG/GSA Exclusion process, links to the LEIE and SAM exclusion websites and descriptions of the lists are below.

### **List of Excluded Individuals and Entities (LEIE) – <https://exclusions.oig.hhs.gov/>**

This list is maintained by the Office of Inspector General (OIG) and provides information to the health care industry, patients and the public regarding individuals and entities currently excluded from participation in Medicare, Medicaid and all Federal health care programs. Individuals and entities who have been reinstated are removed from the LEIE.

### **System for Award Management (SAM) – <https://www.sam.gov/SAM/pages/public/searchRecords/search.jsf>**

All entity records from CCR/FedReg and ORCA and exclusion records from EPLS, active or expired, were moved to SAM. You can search these records and new ones created in SAM. The SAM is an electronic, web-based system that identifies those parties excluded from receiving Federal contracts, certain subcontracts, and certain types of Federal financial and non-financial assistance and benefits. The SAM keeps its user community aware of administrative and statutory exclusions across the entire government, and individuals barred from entering the United States.

## **Preclusion List**

Effective January 1, 2019, CMS started publishing the monthly preclusion list. The preclusion list consists of certain individuals and entities that are currently revoked from the Medicare program under 42 CFR 424.535 and are under an active reenrollment bar, or have engaged in behavior for which CMS could have revoked the individual or entity to the extent applicable if they had been enrolled in Medicare, and CMS determines that the underlying conduct that led, or would have led, to the revocation is detrimental to the best interests of the Medicare program. The regulations require plan sponsor to reject, or require its pharmacy benefit manager to reject, a pharmacy claim for a Part D drug if the individual who prescribed the drug is included on the “preclusion list.” Similarly, a Medicare service or item cannot be covered if the provider that furnished the service or item is on the preclusion list. FDRs must have policies and procedures that prohibits employment or contracting with practitioners (or entities that employ or contract with such practitioners) that are precluded from Medicare. In addition, FDRs are not allowed to reimburse or authorize services provided by individuals listed on the preclusion list. FDRs are required to review the preclusion list monthly.

**For more information refer to CMS Preclusion List webpage at: <https://www.cms.gov/Medicare/Provider-Enrollment-and-Certification/MedicareProviderSupEnroll/PreclusionList.html>**

## **Standards for Business Continuity Plans**

CMS issued a Final Rule (42 CFR §§422.504(o) and §423.505(p)) and this rule outlines the minimum standards for Business Continuity Plans effective 1/1/2016. We are required to validate our FDRs develop, implement and maintain Business Continuity Plans compliant with CMS and AHCCCS (ACOM Policy 104) minimum standards.

## **Minimum Requirements**

Business Continuity Plans must contain policies and procedures to protect the restoration of business operations following disruptions where business is not able to occur under normal conditions.

### **Minimum Business Continuity Plan requirements include:**

- Completion of a risk assessment
- Documented mitigation strategy
- Annual testing, revision and training
- Record keeping including HIPAA & Privacy
- Identification of essential functions
- Chain of command
- Business communication plans

## **Critical functions**

Business Continuity Plans need to address the restoration of identified critical functions within 72 hours of failure, as well as address CMS's minimum requirements.

### **Critical functions are defined as:**

- Benefit authorization (if not waived) for services to be immediately furnished at a hospital, clinic, provider office, or other place of service.
- Benefit authorization (if not waived), adjudication, and processing of prescription drug claims at the point of sale.
- Administration and tracking of enrollees' drug benefits in real time, including automated coordination of benefits with other payers.
- Operation of an enrollee exceptions and appeals process including Coverage Determinations.
- Operation of call center customer service, including translation services and pharmacy technical assistance.
- Production and mailing of essential documents including BUHP's Annual Notice of Change, Evidence of Coverage, Low Income Subsidy Rider, Multi-Language Insert, ID Cards, enrollment/disenrollment letters, formulary guides and enrollee transition supply letters.
- Support of any of the following activities: Medicare appeals, pre-service organization determinations, coverage determinations, utilization management and Medicare websites.
