III. Policy:

- A. Banner Medicaid and Medicare Plans must ensure proper screening takes place to determine if individuals or entities associated with Banner Medicaid and Medicare Plans operations have been debarred, suspended or otherwise lawfully prohibited from participation in any Federal public procurement activity or from participating in non-procurement activities; excluded from participation in any Federal Health Care Programs; or convicted of a criminal offense related to that person's involvement in any program under Medicare, Medicaid, Title XIX, or Title XX services program. This screening must occur prior to hiring and/or contracting and then, again, monthly thereafter. Monthly screening is essential to prevent inappropriate payment to providers, pharmacies and other entities that have been added to exclusion lists since the last time the list was checked. The screening process is conducted in a manner that is non-discriminatory toward any employee or

subcontractor seeking to be qualified as a Banner Medicaid and Medicare Plans participating provider.

- B. Banner Medicaid and Medicare Plans shall not use federal or state funds to pay for services, equipment or drugs prescribed or provided by a provider, supplier, employee or first tier, downstream or related entity (FDR) excluded by the Department of Health and Human Services (DHHS), or the Office of the Inspector General (OIG).

IV. Procedure/Interventions:

- A. Banner Medicaid and Medicare Plans does not delegate substantial discretionary authority to make decisions about entities that it knows, or should have known, have a propensity to engage in inappropriate or improper conduct.
 - 1. Banner Medicaid and Medicare Plans or Banner Corporate Compliance utilizes a vendor to review the DHHS-OIG List of Excluded Individuals and Entities (LEIE list) and The System of Award Management (SAM) formerly known as The Excluded Parties Lists System (EPLS) and the CMS Preclusion List prior to the hiring or contracting of any new employee, temporary employee, volunteer, consultant, governing body member, FDR, subcontractor and monthly thereafter, to ensure that none of these persons or entities are excluded or become excluded from participation in federal programs.
 - 2. Monthly Banner Medicaid and Medicare Plans performs a routine check or utilizes a vendor to perform the routine checks of the following databases:
 - a. The List of Excluded Individuals (LEIE)
 - b. The System of Award Management (SAM) formerly known as The Excluded Parties List (EPLS)
 - c. CMS Preclusion List
 - d. Any other databases directed by AHCCCS or CMS.
- B. If any person or entity is identified as excluded through these checks, Banner Medicaid and Medicare Health Plans immediately notifies AHCCCS and CMS; taking immediate action to exclude the individual from all Banner Medicaid and Medicare Plans operations and activities to terminate the individual or entity.
- C. If a provider of services or persons terminated from participation in the AHCCCS Medicaid Program, other Title XIX programs (including other state Medicaid Programs), Title XVIII or XXI programs is confirmed excluded from AHCCCS Medicaid or any State Medicaid, Banner Medicaid and Medicare Plans Compliance Department will notify AHCCCS OIG even if Banner Medicaid and Medicare Plans does not pay any claims for the other State Medicaid Programs. Upon direction from AHCCCS OIG, Banner Medicaid and Medicare Plans will terminate the provider or persons from any of Banner Medicaid and Medicare Plan's Networks of Providers who render services to individuals eligible to receive medical assistance pursuant to Title XIX.
- D. Banner Medicaid and Medicare Plans requires any subcontractor to notify Banner Medicaid and Medicare Plans Compliance Department if any provider of services or persons terminated from participation in the AHCCCS Medicaid Program, other XIX programs (including other state Medicaid Programs), Title XVIII or XXI programs is confirmed excluded from AHCCCS Medicaid or any State Medicaid during their initial and monthly exclusion screenings. Banner Medicaid and Medicare Plans Compliance Department will notify AHCCCS OIG, even if the Subcontractor does not pay any claims for the other State Medicaid Programs. Upon direction from AHCCCS OIG, the subcontractor will terminate the provider or persons excluded from any other Medicaid Program. If notified by the subcontractor or if an individual or entity is identified through the vendor as a confirmed

match for either the Federal Data Bases or any State Medicaid Exclusion, the Senior Director, Compliance, will notify the Credentialing Department so they can take actions according to their policy. Subcontractors are also required to notify Banner Medicaid and Medicare Plans Compliance Department if there are any confirmed exclusions upon initial and monthly review of any employees or contactors when reviewing the Federal Exclusion Data Bases. If the employee or contractor is confirmed excluded from the Federal Exclusion Data Bases, the subcontractor will terminate the employee or contractor.
