

Behavioral Health Prior Authorization/Utilization Management Training for Banner Health Providers

Banner Behavioral Health Medical Management will be hosting six sessions of behavioral health prior authorization/utilization management training. Attendance is strongly recommended. There will be an opportunity to ask questions during each training session. Our Behavioral Health Medical Management team will provide an overview and offer an opportunity to ask questions.

Learning Objectives:

- Review Banner BUHP new requirements for providers requesting authorizations and continued stays, including clinical documentation submittals and time lines
- Understand the requirements for discharge planning and submittal of discharge information for reimbursement.
- Review the new requirements for inpatient facilities to request a retrospective review.
