Memb	per's Name:
<u>Disch</u>	arge Planning Update:
1.	What is the targeted level of functioning for the member to be considered ready for discharge? This must be observable, measurable terms.
2.	How does the member's current level of functioning prevent him/her from returning to the community with outpatient services and supports?
3.	How many more days of service are being requested to reach the targeted level of functioning?
4.	What is the specific discharge plan? Include the specific living arrangement as well as the planned outpatient services and supports and their frequency after discharge.
5.	Are there any barriers to implementing the discharge plan at this time? If YES, list the specific barrier(s) and outline the intervention(s) planned to remove it/them.
