PYX Team provided a presentation and handouts

All other trainings we provided information about PYX and announced that adult BHRF providers would be the first to begin offering to connect Banner members to Pyx at discharge.

Other actions we took

December 12, 2019 Jeanne sent a letter

January 7, 2020 flyer was sent and posted to the website.

Our Expectations

Starting today, Pyx will be offered to our members no later than at their time of discharge (can be sooner).

Offering of Pyx and the member's acceptance or declining Pyx are now required documentation in the discharge summary.

Banner Health Plan will monitor compliance with this request and our member's participation using the app. We want to make sure they have the opportunity to use Pyx and that Pyx provides value to our members.

Any Questions?
